

MAGNETOTHERAPY WARRANTY EXTENSION up to 5 years

The warranty is extended up to 5 years on products that are registered online before the warranty expires; the request can be made only and exclusively through the website www.globuscorporation.com in the "MyGlobus" section.

The registration extends the duration of the warranty up to 5 years, is FOC and covers product defects relating to the electronic board and display, with the exclusion of all accessories subject to wear and tear (such as cables, batteries, solenoids, power supplies, battery chargers, keyboard, etc.) as long as it is used appropriately and maintained in normal conditions of efficiency.

The warranty extension is valid only for products purchased in Italy, Spain and Portugal from 1 February 2024 onwards and limited to the following models:

Magnum XL Pro, Magnum 2 Pro Drive, Magnum 3000 Pro, Magnum 3500 Pro

After completing the product registration, the user will receive a confirmation email. At the time of requesting assistance (in the period of warranty extension) this email must be shown together with the tax document which proves the actual date of purchase.

Warranty extensions that report partial or incorrect data, those requested for devices sold outside the aforementioned territories or those for which the confirmation email will not be shown will not be considered valid.
